EXPERIENCE

Senior Product Designer / ATLASSIAN – LOOM

March 2022 - March 2026; Remote

- Led design for Loom's AI Workflows suite, defining Loom's emerging AI strategy to position video as a context engine for AI
- Shipped Loom's bug reporting mode, video-to-document workflows, and Jira integration improvements, increasing workflows engagement by 37% and documents generated by 30%
- Owned Loom's design narrative at Atlassian's TEAM '25 EU conference, including building and animating all Loom keynote and conference demos
- Formerly led design for Loom enterprise readiness, shipping Loom's admin dashboard, workspace insights, and sales ICP features

Product Designer / ALASKA AIRLINES – ECOMMERCE

August 2018 - February 2022; Seattle, WA

- Owned extremely high-traffic features across reservation management, check-in, and boarding pass experiences on web, mobile, and kiosk
- Led design on mobile express check-in, reducing time to check-in by 60%
- Fully redesigned Alaska's flight cancellation and auto-rebooking experiences

Product Designer / SAMSUNG ELECTRONICS AMERICA

June 2017 - August 2018; Bellevue, WA

- Redesigned the cart and checkout experiences on Samsung.com
- Led design for product support and customer care experiences
